

# MIH<sup>®</sup> Power over Fiber Smart Monitoring System for Medium Voltage Switchgear

The industry's first multi-function bus bar sensor module for continuous monitoring of temperature and humidity.

## POF-WL240 Series

Model WL240-TH: Temperature and humidity sensor module shown in the picture

## Features

- Power over Fiber (PoF) technology
- Monitor temperature and humidity on bus bar
- Multi-function sensor module
- No sensor module range limitation or alignment constraints
- No low voltage wiring in high voltage compartment
- Excellent noise immunity capability
- Multiple sensor module system solutions

## Bus Bar Monitoring Solution Comparison

Feature	PoF (MHGP)	SAW	RFID
Multi-Function Sensor Module	YES	NO	NO
Humidity on Bus Bar	YES	NO	NO
Temperature on Bus Bar	YES	YES	YES
